

XV BALTIC ACTUARIAL SUMMER DAYS

17-19 July, 2015

Verksnionys, Lithuania

On behalf of Lithuanian Actuarial Society (Lietuvos Aktuarių Draugija) we would like to invite the Baltic actuaries to the XV Baltic Actuarial Summer Days.

Solvency II - surprisingly or not - will be the main topic of the seminar. In particular, we plan to hold a discussion on the following topics:

- Actuarial issues in calculation of Solvency II technical provisions*
- Standard formula and the company's risk profile*
- FLAOR/ ORSA process*
- Actuarial governance matters*

The members of the Lithuanian Actuarial Society will gain 8 formal hours of CPD for the participation in the seminar.

In addition, to the seminar, the Summer Days provide an excellent opportunity to meet your colleagues from other countries, discuss professional matters, and at the same time relax and have a good time!

Looking forward to meeting you during the Summer Days!

Chairman of the Lithuanian Actuarial Society*
